An enthusiastic meeting was held last evening in the Fraternal Brotherhood hall by the Las Vegas dam of the Independent Order of Beavers. Several members of the charter class, who were not present when the lodge was instituted, were initiated. Several applications for membership were received and indications are that the dam will grow rapidly. The meeting was enthusiastic and was attended by a large number of the members of the dam. The various committees made reports and in a short time the Beavers will be ready to begin the furnishing of their home.

Two special services will be conducted by Rev. C. McReynolds tomorrow in the First Baptist church. The first meeting will be held at 2:45 p. m., subject, "What is Heaven?" "Where is It? Will the Final and Eternal Home of the Saved be a Material Home?" The second service is at 7:30 p. m., subject, "Christian Citizenship; Who Will Inhabit Heaven?" Mr. McReynolds insists that all men are interested in these themes and invites all to come to these services.

"Spring has come" and the messenger boys employed by the Postal Telegraph company have donned their summer uniforms. The boys look handsome in their new clothes and are feeling cheery every time they see themselves in the store windows. Though the messengers are well dressed they are not too sporty to hasten out in any kind of weather to give the patrons of the company quick service.

President Howard Simpkins of the baseball association has received a letter from the management of a Japanese baseball team now getting ready for the season at Los Angeles, asking for a game here early in June. The team is said to be a fast one and would likely put up a game that would please the Las Vegas fans. Simpkins says he probably will sign the Japs for one or two games.

Your Wool Blankets Laundered Nicely

They are laundered perfectly by our careful, scientific method.

They are washed in pure, soft water and only specially prepared woolen soap is used to clean them.

This process makes them as clean and sweet as when new, it does not shrink them nor run the colors in the border.

We dry them in a germ proof room and finish them so the nap is made as long and soft as when new.

At Taichert's "BOSTONIANS"

Famous Shoes for Men

There's a difference between really good shoes and simply good looking shoes. Yet most men buy their shoes by the "looks"—by the appearance of the surface. This isn't always a safe way to buy. For instance, the appearance of "Bostonian Shoes" is closely imitated, but the through and through quality—never!

Every one of distinctive character!
